

CMC³ Student Presentation Contest Guidelines

There is no need to apply to participate in the contest – students can submit their entry by emailing their video link, or else by just showing up!

Mentor Responsibilities

- Make sure your CMC³ membership is current.
- Help student in selecting an appropriate topic
- Help student create a plan that fits within the allotted time, ensuring all deadlines are met
- Support student in investigating the topic
- Allow the student to do their own work, but provide guidance when needed
- Review student presentation prior to submission

Presentations in the contest will be graded on the following four main categories:

- 1) Presentation title, student name, college, and name of faculty mentor prominently displayed.
- 2) Mathematical and/or historical content
- 3) Student presentation of the material.
- 4) Presentation Design

The following will be considered when grading on Mathematical Content:

- Mathematical and/or historical accuracy
- Topic covers material beyond the usual Community College curriculum

The following will be considered when grading on the Student Presentation:

- Knowledge of subject matter
- Presentation is no longer than 5 minutes
- General Presentation Skills. (Is the presentation understandable? Is it loud and clear enough to be heard? etc.)

The following will be considered when grading on the Presentation Design:

- The material is well organized, and the information is presented in a concise, readable way.
- The design of the presentation is visually appealing

Group Size Limits

- Students can work in groups no larger than two on a single entry.
- Awards will be split between team members.

Instructions for submitting a virtual entry:

- Upload your video to YouTube, and then send the link to student-poster-session-chair@cmc3.org no later than Wednesday October 30, 2024.
